COOL CRAFTS – GLITTER SLIME

Materials:

- 1 6 oz bottle of glitter glue
- 1/3 cup of liquid starch
- Mixing bowl
- Popsicle stick

Directions:

Step 1: Start by squeezing a bottle of glitter glue into a bowl.

Step 2: Next you'll need to add the liquid starch. We use 1/3 cup of liquid starch for each bottle of glitter glue.

Step 3: Use the popsicle stick to stir the glitter glue slime until it seems like it's not mixing any more. Then it's hands on time!

Step 4: Next, pull the glitter glue slime out and use your hands to stretch, fold, and knead it. It may start out sticky, but as you keep massaging it the liquid starch works its magic.

Step 5: If you are making just one color of glitter glue slime, you are now good to go! For multiple colors, repeat steps 1 - 4 for each color. Combine all the colors at the end by stretching each color into a rope and twisting them together.
